**Questioner:** "Shaykh 'Abdullah al-Ghunaymaan?"

**Shaykh 'Abdullah al-Ghunaymaan** [May Allaah preserve him]: "Yes."

**Questioner:** "I would like to ask you a question oh Shaykh, about what is happening now in Syria regarding the declaring of the "Islaamic Caliphate" (ISIS). Is it Islaamicly correct (mashru') or not a correct ? Because we have now fallen into a big problem and a lot of disturbance, oh Shaykh."

**Shaykh 'Abdullah al-Ghunaymaan** [May Allaah preserve him]: "No! It is not permissible for this to be believed or to be responded to, because they are from the extreme deviant of the Khawaarij, who kill the Muslims and do not differentiate between truth and falsehood."

[Later]

**Questioner:** "Oh our noble Shaykh, I am the same questioner who asked you about ISIS. There are some brothers who asked me about an issue oh Shaykh. They said to me that there are amongst ISIS some youth who do not make takfeer on the people (Muslims) and do not spill the blood of the Muslims. But the question is: their presence amongst them (ISIS), are they sinning? And what is the advice for them?"

**Shaykh 'Abdullah al-Ghunaymaan** [May Allaah preserve him]: "If he is with them that makes him like them, because the falsehood and its people have to be boycotted and distanced from. A person should not be a helper for them. If he is together with them, increasing their numbers, fighting on their side, then his ruling is their ruling."
