بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

In the name of Allaah, the Most Merciful, the Bestower of Mercy

When we refute some people of knowledge (scholars) and virtuous people, then this does not mean that we hate them or try to degrade them. Rather this is about the truth!

That some scholars are refuted in a particular issue wherein they erred, does not mean you should understand from this that we hate them! On the contrary, since time immemorial have the scholars refuted one another all the while being brothers and loving each other.

It is a must that we know this. We should clarify the mistake and not keep silent out of love for a (particular) person.
